Hito Table / Wall

Designed by Toni Rie

Hito presents a sculptural play with light and stone and is an exploration of contrast. Solid marble meets soft, diffused light in a design that feels both timeless and modern. The sculptural form highlights the natural beauty of the stone while embracing a warm, inviting glow. Hito functions as both a table lamp and a wall lamp. The light is soft and evenly diffused through opal glass, free from harsh shadows or glare. Crafted from marble, opal glass, and metal, Hito is a refined interplay of textures and materials.
